Dear Mr. Donevant:

Won't you kindly tell us if you have passed up
entirely the thought of purchasing Metal Scrip?
We have no wish to burden you in this matter, but
if the matter is "dead" or if we can give you any
further information, we should like very much to
be advised. We await the courtesy of your reply.

DEC 9 1936

Ingle-Schierloh Company,
Dayton, Ohio.,

Gentlemen;

On May 5th 1933 we made a purchase of MASTER METAL SCRIP from you for which you billed us \$75.50

This shipment consisted of 200 Dollars, 250 halves, 250 Quarters, 400 Dimes, 400 nickles and 500 Pennies.

On November 14, 1934 we made purchase of another shipment of MASTER METAL SCRIP from you for which you billed us \$70.66

This consignment consisted of 400 Dimes, 400 Nickels and 2,000 pennies.

Now if this is all the scrip we have acquired someone is counterfeiting our metal.

We will appreciate it if you will search your records and see if you have sold us any metal, other than listed above and if so furnish us with the date and pieces in the shipment.

Very truly yours,

Avis Eagle Coal Company.,

Mr. C. L. Donnvant, Treas.,
AVIS EAGLE COAL COMPANY

Dear Sir:

We hasten to reply to your letter of the 8th instant and to advise that our records disclose Scrip shipments to your firm as follows;

ORDER ENTRY DATE	TOTAL PIECES	DIVIDED AS FOLLOWS					
		1.00	.50	.25	.10	.05	.01
1933							
May 1-	2,000	200	250	250	400	400	500
1934							
May 3-	2,100	100					2000
Nov. 10-	2,800				400	400	2000
(Grand Tot,	6,900	300	250	250	800	800	4500

This sets up one order received as of Nov. 3, 1934 not covered in your letter and may account for a seeming over-plus. However, we are very anxious to know the outcome of comparison and only regret that you did not give us some idea as to the physical inventory of your scrip which led you to raise the question. If there is any shadow of concern on the question of duplication, we suggest it would be advisable to let us pierce each piece with either a hole or some design appropriate to the piece and this we will do for the cost of the operation, namely \$2.00 per M pieces- Total cost to you \$13.80 plus shipping charges to and from our point.

You of course could make return of the Scrip in say two lots, each lot being given immediate attention when received.

Cordially yours,

J. H. Schierloh/3

Gentlemen:

We are using the Master Metal Scrip formerly
owned by Avis Eagle Coal Company at Lyburn W. Va.

It appears that their last purchase was made from
you 10/11/37 and covered by your invoice No 86164.

We are now in need of Pennies and nickels.

Kindly advise what may be done in the way of
getting a supply of metal or a suitable substitute.

Gentlemen;

Please quote us price on 10,000 Fibre pennies made from red fibre.

Inasmuch as the round pennies as made for us before so much resemble the meat & fats tokens now in use by the OPA in their rationing program we will have to have either a larger penny or one of octagon shape to distinguish between the two.

You have been advised that we are using the scrip system formerly used by our successors the Avis Eagle Coal Company and we feel sure that you will be able to give us something to match.

SPECIAL DELIVERY

Mr. V. G. Paul,
National Cash Register Company,
Charleston, W. Va.

Friend Paul:-

Yours of the 14th, Logan, just received--

For the combined requirements of three stores doing a total monthly business of \$15000.00, our experience dictates an assortment as follows;

1000	Pcs.	Dollars
1250	"	Halves
1250	"	Quarters
2000	"	Dimes
2000	"	Nickels
2500	"	Pennies

Gentlemen: (Attention of Mr. Schierloh)

Mr. Paul, Cash Register Company, was here Saturday, and I placed an order with him for scrip machines and cash registers for each of the three new Hutchinson stores in the Logan field, formerly owned by the Thurmond interests. He left with me his letter of the 13th and I attach order No. 19436 for 10,000 coins.

According to my figures on the last order for Junior Mercantile Company you have charged the Hutchinson a little more than quoted me. I wish you would refigure this and see if you cannot make the same price.

As concerning the design, am returning the suggestion made to Mr. Paul and so far as I can see if you substitute "Hutchinson" for "Thurmond" and "H" for "I" the design is O. K.

I presume you know what to print on the other side.

I suggest you send these coins to Mr. Mcallister at Logan, West Virginia.

Very truly yours,

J. W. Sheridan

My Dear Mr. Sheridan:

We are indeed grateful to you for your order #19436 calling for 10,000 pcs. of assorted Patented Metal Scrip for the three Logan field stores. The order will have our immediate and also our very best attention.

On orders of this size, in view of the die cost involved, we really can't do better, Mr. Sheridan, than the figure quoted - but we will do this in your case, on any "fill-ins" for the same source, we will let the same prices as quoted Jr. Merc. Co., obtain.

We want to cooperate with you in every way that we can and to that end you may always count upon our very best and sincerest efforts.

Again thanking you, we are

Gentlemen:

We are just advised that shipment has been received on the above order dated June 7th, but that you have shipped pennies instead of nickles as specified on the order.

Kindly furnish the nickles as soon as possible and give us disposition on the incorrect shipment.

Gentlemen:

Through an error on our part we filled your order #17249 with 500 pieces of Master Metal Scrip in the 1¢ size denomination instead of the 5¢. As soon as we noticed this mistake we entered a new order to correct the error but inasmuch as we had already shipped the 1¢ pieces we could not stop them.

We have been wondering if you could use the 1¢ pieces if we were to bill them to you at the usual price less 25%, which would make the scrip net to you at \$2.21 per C.

We are sorry this mistake was made and hope that it is not putting you to serious inconvenience.

Mr. H. R. Sayre, Div. Store Manager,
Hutchinson Coal Company,
Fairmont, West Va.

Dear Mr. Sayre:

We are in receipt of an order from Fairmont for the following;

500	-	Pieces	5¢	Metal	Scrip	-	Dabney	Store
500	-	"	"	"	"	-	Macbeth	"
500	-	"	"	"	"	-	Argyle	"

Notation: Same as originally furnished our Logan Store but not punched.

Dividing the quantity and specifying the name of the Stores is just a trifle confusing to us. The stores mentioned may be among those who participated in the division of scrip originally shipped to Logan Stores, amounting to 10,000 pieces, but being without the names of those stores we cannot be sure. The lot of Scrip referred to, was made all alike without any store name appearing thereon and the Scrip was not punched. If the Stores above mentioned are now using Master Metal Scrip, then the order will be interpreted as calling for "1500 pieces 5¢ Master Metal Scrip, Brass, same as previously shipped Logan Stores".

Be so good as to drop us a line regarding this - thought best to write you direct, rather than trouble Mr. Funk about the matter.

And if you please, would appreciate names of the stores now using Scrip and the names of the stores, new or old, not now using Scrip. Believe it would be well, from the standpoint of prompt service, to have this data.

Cordially yours,
INGLE-SCHIERLOH COMPANY,

J. H. Schierloh.

Gentlemen:

We are herewith enclosing a piece of metal money which we believe is an attempt to counterfeit the metal scrip you have made for us.

According to our information this was made by a party living in one of our camps, and while I do not have his name, it can be secured if you think there is a basis for prosecution, and that it would be advisable. We believe that this counterfeit piece would hardly fool any of our store people, but we are at a loss to understand where they would get the dies made so near like the dies used in making our scrip.

We would appreciate your advice in this matter.

Yours very truly,

General Manager of Stores

Hutchinson Coal Company,
Fairmont, West Va.

Dear Sir:-

Just in receipt of yours of the 19th-- and the first attempt of its kind in the entire history of this company-- also as you indicate, a very poor one indeed.

No dies used - either a Matrix or Plaster of Paris was employed to take the impressions from a piece of genuine scrip and then type metal used for the duplication attempt.

Surprised that even one piece should have gotten by, no similarity whatsoever. All of your 50% pieces are of brass, different color, different gauge, different feel-- in fact, it took either a stroke of boldness or gross ignorance to run the risk of handing in such a piece.

If it were a real attempt at counterfeiting, in material, gauge etc., - we mean the actual employment of presses to that end, we would of course suggest prompt legal action, but in this instance, it would seem to be by far the wisest course, not to give undue publicity to the matter. First, instruct the staff, at the store concerned, to at least use ordinary average precaution in accepting scrip (attaching due importance to the fact that it represents cash), not accepting something that even remotely fails to correspond with what they are authorized to accept, in either Scrip OR cash. Inspect the Scrip on hand at the store concerned, especially the 50% size for any further spurious pieces - and our guess is, judging by the method employed, that not to exceed two or three pieces at the most, were made - following which, if you are reasonably certain as to the identity of the offender, call him in, give him the 3rd. Degree and if guilty, obtain a signed confession and put the Fear of Conviction into him. Believe that will estop him from any further such attempt and you can rest your case with every degree of safety as to the future.

Yours very truly,

General Manager.

Gentlemen:

We are herewith enclosing two more pieces of counterfeit scrip taken in at our Macbeth Store recently. We have examined our money pretty closely and this is all we find right now, but it indicates that somebody is still passing this money, and if there is not something done about it I am afraid we will have even more trouble. You will note that they have even colored it to look very similar to the scrip furnished by you, and until the coloring starts to wear off it would be very easy to pass these coins along with other scrip without it being detected at the time.

After doing all the checking up we could on this it seems that the party that probably started it has moved away, but he either had an accomplice or had left these coins and somebody else had passed them.

We understand that you have some insurance or guaranteed protection against counterfeiting of the scrip you manufacture. Therefore, will appreciate any help you may be able to give us in trying to eliminate any further trouble in this connection.

Yours very truly,

Gen. Mgr. of Stores

Gentlemen:

We recently purchased some Arro-Swing price tags from you for one of our stores in Logan County, W. Va., and would like to know if you have other types of price tags as well. We do not necessarily want a complete set of tags for one of our stores in the Fairmont Division but have in mind some special tags with metal stickers so that it could be inserted in or on special items which we desire to run from time to time.

Would be glad for you to submit several samples of various types of tags along this line that you may have to offer, quoting prices on same.

Now as to finding Gulf order for 10¢ pennies, we are going to credit your account with 10¢ commission on this order -- but what you should have done in this case was to have either picked up the order or to have had them send it to you -- or you might have stated "I'll send in the order immediately and you can let confirmation follow direct". That would have taken care of the item on the spot and not to have allowed a certain time to elapse after the order was placed before we were informed that you had any connection with it. We merely offer this as suggestive procedure. We want to see you make every penny you are entitled to, Riggs and not a penny less, but we must have a definite basis as you well know, on which to base credits. This is in complete accord with all of our past correspondence on the subject of commissions. Are any of your other lines taking you out into the field at all? There seems to be an increase of inquiries. Time too, if you should be getting out, to put out our feelers as to competitive prices. Hope to see you shortly contacting business again as you did a little while back. There seems to be more traveling in the fields now as a result of a more settled condition existing. Tell us what we may expect as to your efforts for business on a like basis as in January to July of 1934. Certainly we take it for granted, that if any scrip is talked, endorsed or sold, it is Master Metal Scrip, or we shouldn't be at all interested. We count upon your loyalty and shall continue to do so, until occasion requires that we do otherwise -- and we are frank to state, we look for no such occasion. This whole thought perchance is due to the fact that for a period of months, business came in right regularly - and then seemed to stop abruptly. It was rather hard to fathom. Very truly yours,

J. H. Schierloh.

October 31, 1935

Mr. Gail W. Riggs
Beckley, W. Va.

My dear Riggs:
Dear Sir:

Have your letter of the 29th. Note your remarks regarding Malcolm Smokeless. There seems to be a possible chance of recovery under the "rental" idea. Of course, this "closing out" of the company, by the landowners, will have to take court procedure and doubtless there will be an accounting of assets and liabilities. Just what chance we might have, even in the liquidation or what chance we were taking in not filing our claim. It might be that you can initiate the thought with the party who owns the property you live in with a "see here, the company was indebted etc. etc. and there's only one source from which I can be reimbursed and that's by cancellation of an equal amount of rental obligation" and I gather that you hold that much in "escrow". My thought was, that by initiating the thought, it would bring the matter to a head at once and we should then know quickly, if it was going to be necessary to file our claim. Before we observe that Killarney Smokeless contacted you and that you quoted them on several items of scrip. Hope to see the order come through and we presume you urged this point. If we fail to hear from them in a few days, either through you, or direct, shall contact you. This is one of the accounts you established and irrespective of how the order might come in, you would be entitled to your commission. This of course holds good, on orders coming in direct from such customers, so long as our connection exists. As to "old" customers. Think you can see our position. Riggs. We naturally cannot allow commission on such accounts unless it is definitely established that the salesman has had a hand in fostering a continuance of the business in actually obtaining the order. We have had experience after experience, where this was not the case, but where the salesman subsequently heard of the order being placed and then expected commission. When the order comes through the salesman, it gives some evidence of representation in the field, in justification of the commission otherwise, no excuse exists for the credit.

Gentlemen:

Yours of the 31st. Regarding the Malcolm Smokeless account the law through this section pertaining to land owners versus lessees' with respect to coal mines and back royalty on same gives the owners first claim with the result that when one of the creditors close this place the landowner's took the property back for the royalty due them, shutting out all other creditors, and your only hope of recovering this account is through my having a battle with the land lord, which I do not intend doing anytime soon.

The third paragraph of your letter regarding commissions versus customers. I wish to call your attention to an order which I forwarded you under date of July 19th for the Winding Gulf Collieries, Winding Gulf, W. Va. calling for 10 M- 1 cent pieces of scrip. It was my interpretation from your previous correspondence that this order entitles me to mail order business from this Company until such time as our connections are severed.

No correspondence of scrip in 1930 indicated

Kindly permit me to thank you for the credit given me on their last order for 10 M- pieces.

The last paragraph of your letter. I am in the field practically all the time, and you are assured that Master Metal Scrip is being mentioned by me several times daily, and as long as our business dealings continue as pleasantly as they have in the past, I will continue to pass out as calling cards, the metal which you prepared for me, as I have about 100 left.

Lack of my sending any business into you has been namely due to the unsettled mining situation.

Yours truly,

Dear Mr. Pile:-

We take pleasure, in response to your request of the 18th, in quoting you price of \$66.63 for 1875 pieces of 1.00 scrip, with the same patch-out design as you are now using.

We would direct your attention Mr. Pile, to our last general letter, copy of which we are herewith enclosing, particularly as it relates to DESCRIPTION NECESSARY on the scrip, and as to its application - i.e. the law - to all denominations of scrip.

Our business is to serve you with what you may deem to be your requirements, nothing more - though we do feel it our duty to give our friends, what after close study and consultation represents our conclusion with respect to the proper interpretation of the new law.

It will be a pleasure, as it has been to us in the past, to take care of your requirements in a most satisfactory way.

Sixth,
1925.

Mr. G. Fife, Auditor,
Mallory Coal Company,
Mallory, West Va.

Dear Mr. Fife:-

We thank you for your order for 1875 pieces of Dollar Scrip for the price of \$68.65. Terms: 30/10 days; 30 net. F. O. E. Dayton, Ohio. The receipt of sample Dollar Scrip is also acknowledged.

In addition to the name of your company we note you also desire the following wording on the scrip - "Unspent portion redeemable in cash on regular pay day" "Non transferable". We presume Mr. Fife, that you have special reasons for wanting this particular wording on the scrip and we shall be pleased to carry out your instructions.

We are inclined to call your attention however, to the fact that our investigation pertaining to the new law, which was most thorough, resulted in our recommending the following wording, which we KNOW will comply with the law and will fully protect you, namely- "PAYABLE IN CASH ON PAY DAYS WHEN DUE, TO EMPLOYER TO WHOM ISSUED" "NON TRANSFERABLE" "IN REDEMPTION ONLY". Observe that any pay day may be construed as a "regular" pay day whereas we specify "when due". We likewise do not rely upon the words "Non transferable" entirely, but specify "to whom issued".

"Unspent portion" is applicable to paper scrip where a portion of the value may be punched out of the card or torn from the book, but with metal scrip each piece is a complete unit and so remains - hence unspent portion hardly applies.

These are merely suggestions however, and as stated above we are proceeding with your order as per your instructions. If you desire us to use the wording we have suggested and which we are using on all of the other orders going through, please wire us promptly.

Very truly yours,

JHS/3

Dear Sir:

We are sorry to learn, "discovered" by your letter of

If a letter would be received from you on us,
it would be received. We say that we are
sorry to hear of the situation and we report
having been made to us, in voluntarily putting it
aside.

Will you not indicate just what was wrong with
the scrip and at once permit us to furnish you a
new supply, free of all charges and in addition
permit us to make awards for any loss or incon-
venience resulting from improper packing or ship-
ping.

Please believe us when we say, that had your letter
come to hand, this matter would have had our attention
long since, for we always have valued your business.

Please send us a copy of the letter referred to and
please also indicate just what you consider will right
the situation mentioned. We want you to do this, if
we never receive another order, we have the facilities
for furnishing the proper kind of scrip and there no
condemning on our part, of negligence in packaging or
shipping.

Won't you assist us in squaring this thing at once.

Gentlemen:

Replying to your letter of November 29 relative to our scrip troubles, on March 3, 1935, we received a package of medal scrip from your company which had been broken open in the mail and a great many of the rolls of scrip were loose and mixed in with excelsior, and in general was in bad shape.

The scrip was of a greater thickness than we had been using and we were generally displeased. I wrote you to this effect on March 4 and did not receive a reply.

Mr. C. Wile, Auditor
BANK OF AMERICA
Baltimore, Md. Va.

My dear Mr. Wile:

In the letter from the Bureau dated Nov. 21, 1933, the policy of the Bureau was explained to you. It was stated that the Bureau would not issue any more of the old quarters than the letter you mentioned was issued. It was also stated that the Bureau would issue the new quarters.

It would have been very easy to have the Bureau issue the new quarters in the same way as the old quarters. The Bureau could have issued the new quarters in the same way as the old quarters. It would have been very easy to have the Bureau issue the new quarters in the same way as the old quarters. It would have been very easy to have the Bureau issue the new quarters in the same way as the old quarters.

As a matter of fact, since a police officer of 3,000 pieces of the new coin had been made up for you, that no complaint was made with the thickness of the pennies on the last shipment referred to, it was to the quarters only, which apparently people have been of 18 gauge in place of 17 gauge. Which, I am sure, back, this change was made to the heavier gauge as it permitted of better embossing. Presumably however, you have in use one of the old quarters which necessitates the use of the thinner gauge. Frankly, we did overlook this possibility when we made up the lot of quarters as the old standard Federal Reserve System sample you sent in was the lighter gauge.

We are going to make up a new lot of 300 quarters for you in the thinner gauge at no cost to you, but before proceeding, should like to hear from you regarding the Penny Scrip, as to any possible shortage in number.

Deeply regretting the occurrence and awaiting the favor of your prompt reply, we are,

Yours very sincerely,

The writer has never encountered a like experience or a letter of the nature of yours failing to reach us, nor does he recall one instance where the opportunity was accorded us, where we have failed to make good on any complaint, a record which we have jealously guarded and for that reason we are hesitant about dropping the matter until we have exhausted every possible effort to sincerely assure you, that we desire to rectify the mistake made. Gentlemen:

Replying to your letter of the 3rd with further reference to our complaint in connection with our last purchase of medal scrip.

As I recall, in reply to your first letter I stated that our disappointment was due to the thickness of the medal and also the condition in which the scrip was received.

The package was poorly packed and burst open in transit. When received at our office the scrip was loose and scattered through the excelsior packing, and in general was in bad shape. Those are the causes of our complaint.

Attention, H. G. Fife, Auditor

Gentlemen :

I received Mr. Fife's letter of the 5th. You are correct in stating that in some cases first class wire arrived one of the condition in which the scrap shipment had to stand and the trouble that cost the customer needless expense having returned them as rejected.

In our letter of the third inst. it was suggested to discuss in, whether, by reason of the condition in which the shipment arrived, a loss in the count of heavy scrap had been noted.

We have entered a shop order for 900 pieces of 25¢ scrap of the proper thickness, to be shipped you gratis and if you have sustained a loss in the lg pieces, we shall be pleased to make such shortage good, immediately we hear from you as to the quantity.

We are very sorry indeed that the mistake in the thickness of the 25¢ scrap should have been further compounded by an intransigent condition in packaging and offer our sincere regret that you should have been inconvenienced to such extent that you unquestionably were. If there is anything further that we can do to rectify the situation or by way of making amends, please command us. In appreciation of your many past favors, please believe us,

Replying to yours of the 2th--

Upon receipt of returned obsolete scrap, we have made a practice of cutting the pieces into segments, thus insuring their complete destruction, insofar as future circulation or use is concerned.

This entails time and expense which scrap value does not offset and there is no value other than as scrap.

We can issue no certification as to such destruction, other than the assurance of procedure such as outlined above, but we shall make such disposition of the scrap, as and when time permits, if it is returned to us all charges prepaid.

Clean Eagle Coal Company,
Gallegos, West Va.

Gentlemen:-

Just in receipt of your letter of the 21st. The following
assorted series was shipped and billed to you, under date of
April 15th., 1927, namely:

300	100.	Dollars
300	"	Alphas
400	"	Quartets
800	"	Alphas
500	"	Dollars
300	"	Pennies.

You request that we forward 100 additional copper pennies.
Our price on pennies, is arbitrarily low, namely \$2.50 per
hundred, because of the low denominational value. At this
price on this one denomination, owing to the cost of setting
up the press etc., we ask that orders for a minimum of 500
pieces, be placed, which totals but \$2.50. May we have
your authority to proceed with this amount. We will be pleased
to give your wants prompt attention immediately we hear from
you further.

Yours very truly,
Eagle-Schiaro Company,

Mr. W. G. Giddings, Gen. Auditor
Island Creek Coal Company
Huntington, W. Va.

Dear Mr. Giddings:

Am very sorry that I through an oversight failed to certify the destruction of all the old metal scrip that was returned to us sometime ago from Island Creek Coal Company, Ford Creek Peabody Company, Mallory Coal Company and Mariana Smokeless Coal Company.

At the time all of this scrip was put through a shredding machine, the count of each Company was carefully checked and found to be substantially correct, with exception of slight differences, as follows:

The count of Mariana Smokeless Coal Company was;
96 dimes short
1 nickel "
2 pennies "

The count of Mallory Coal Company was correct, including Exploder checks.

The count of Island Creek Coal Company was correct, with exception of 89 pennies short.

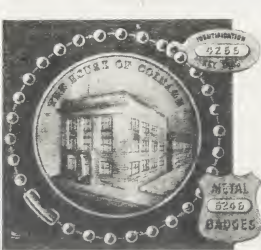

The count of Ford Creek Coal Company was;
1 quarter short
9 nickels over
88 pennies short.

While our count was all by machine, which is supposed to be quite accurate, it is to be admitted that we could have made some slight errors. However, we found the count of each Coal Company to be substantially correct, at least close enough to go ahead with the destruction of this scrip without doing any double checking, and we are, therefore, in position to certify that all scrip received from each of the above Companies was placed in safe-keeping until the time of our count, which was just previous to its destruction and that none of this scrip had any chance to get misplaced, lost or stolen before it was destroyed.

We are sending a copy of this letter to each of the above Companies for their respective files.

Dear Mr. Altizer:-

Referring to your order for scrip, Dave's
you found it to be your order under that "Moose makes mistake"
and that we are particularly sorry you noticed. We are doing quickly
and right, everything we think we should, and hope to happen.

Well, we are just getting his made up on business time and
when the plowing the land is done. Actually, we lost no time
in getting right in the making of another plowing, but it requires
time.

We assured Mr. Altizer we are right back of his order, and
now, and a day later by the fact we are working the whole to put all
possible speed behind the order. We certainly hope to be able to
make the order one to the credit of the last one day.

We are writing you so that you can understand the situation
and not think that we were negligent or that the order was being
delayed for any cause, for sure it not the case, we assure you.

Appreciating your patience in the matter, believe me

Attention T. E. Gage

Gentlemen:

On May 2nd we received an order from the above named office of Master Fred W. Gage with instructions to ship 1000 balls to the office of the same.

This order was accepted in good faith by us and we have the pleasure of filling it and shipping it according to your instructions, but of course our balls are shipped through the express company.

If any express company is at fault in not sending us the money, let us know at once and if you have not accepted it then it will be necessary that you do so without further delay as we have considerable money tied up in this order and naturally can not give you the time in accepting it.

Gentlemen:

We are in receipt of your letter in which you say that you have shipped the one thousand Master Metal Scrip Pennies, which we will take out as soon as they arrive.

We are thinking of changing our penny scrip and our five cent scrip. We are enclosing you a five cent piece which says, "Good in trade for Five Cents", what would it cost to make the change in the five cent scrip and use a piece of the same size as this one that we are enclosing and with the private "M" on it pierced through each piece and the penny scrip to be the same size of a one cent piece.

Please advise us what you can make us up 500 of the five cent pieces and 500 of the one cent pieces.

Mr. J. E. Hoegans, Pres. & Gen. Mgr.,
Lawrence, W. Va.

My Dear Mr. Hoegans:

We have your letter of the 30th and note your remarks
about changing the 5¢ and 1¢ pieces, the one the approx-
imate size of the 1¢ piece you sent in and the penny scrip
the size of a penny U.S. coin.

While it would necessitate new dies, we can very closely
approximate the two pieces mentioned. You would however,
want the 5¢ pieces of Scrip in either copper or nickel
silver, so as to distinguish between this and your present
10¢ scrip, which while not as heavy as a nickel is approx-
imately the same diameter. The 1¢ Scrip could be brass.

We will furnish the 500 pieces of each for the total sum,
all inclusive, of \$62.50. Net, f. o. b. Layton.

2 - We shall await your prompt advise. Would advise that on sub-
sequent orders, the foregoing price will of course be
less.

Cordially yours,

Barnesville, N. Y.

Dear Mr. Thompson:

We have received your letter of March 29, 1934, and have made the
arrangements for scrip as follows:

1000 Pieces of Nickel - Silver - Nickel
approximate diameter and thickness
of a U. S. Nickel.

500 Pieces of Brass - Brass
approximate diameter and thickness
of a U. S. Penny.

The above will carry the same embossed copy and the same
punched design as your present scrip.

In view of the necessity of making new dies, shipment will
be delayed slightly, but we promise you it is having our
very best attention and we thank you.

Cordially yours,

Inglis-Mecherloh Company

Dear Mr. Yase :

We have your letter of the 26th and are prepared to furnish an assortment of scrap as you list it. We would, however, direct your attention to the fact that according to our records, the previous scrap in the \$1.00 to 10¢ size inclusive, was made of brass, the 25 pieces of nickel silver 15 gauge and the penny scrap in U. S. penny size, brass, 16 gauge.

Allowing for a special figure on the penny scrap by reason of the sales tax still being in effect, we will make of the proposed assortment of 3,500 pieces for the sum of \$44.75. W. W. Dayton, Ohio.

Trusting that we may be favored with your order to proceed with this assortment and thanking you - We also wishing you a most prosperous New Year, we are,

Att: J.H.Schierloh

We have your letter of March 18th quoting a price of \$150.00 on the entire lot of scrip enumerated in our recent letter, all scrip to be pierced with cut-out letter "M" as before.

We are contemplating abandoning the old form of Margarette metal scrip and it was for this reason that we asked for prices. We would like to know if there would be any additional charge for changing the dies as we want the new scrip to be different from the old. Please advise.

Gentlemen:

This will acknowledge your letter of March 23rd.
in regard to changing the form of Margarette Coal Company
metal scrip.

The affairs of the Margarette Coal Company are
now in the hands of the U. S. District Court, and there
is a probability of a sale within the next thirty to sixty
days. For this reason there is little probability of
any change being made in the form of metal scrip until
the affairs of this company have been ironed out. However,
when a change is made, we will get in touch with you.

Mr. I. W. Vase, Trustee

Carfrance, W. Va.

Dear Mr. Vase :

Let us know your intent as to changing the form of the scrip, this would have been covered in our previous letter.

Presumably the name will remain the same, but if not it will make no difference. We shall want to change for new dies in this instance.

Issuing the same is to remain the same, what do you think of a new arrangement for copy, with the letters M C C embossed on the face side of the scrip, as per rough sketch inclosed?

Then, in place of all brass scrip, with bronze 5¢ pieces as at present, we would give you all nickel silver scrip, with brass 5¢ pieces, providing you wanted this denomination of another material, though it isn't really necessary.

Would you want the Nickels and Pennies of the same size as the last shipped you, or, will our standard sizes do? In any case, the price we have quoted you will stand and we await your prompt instructions, with return of the sketch and any changes you might wish to offer in copy, if any. The reverse side of the scrip will of course carry the accepted copy to comply with the State Scrip Statute as before.

Cordially yours,
Ingle-Schierloh Company

October 16, 1942.

Mr. W. G. Giddings, Gen. Auditor
Island Creek Coal Company
Huntington, W. Va.

Dear Mr. Giddings:

Am very sorry that I through an oversight failed to certify the destruction of all the old metal scrip that was returned to us sometime ago from Island Creek Coal Company, Pond Creek Pocahontas Company, Mallory Coal Company and Mariana Smokeless Coal Company.

At the time all of this scrip was put through a shredding machine, the count of each Company was carefully checked and found to be substantially correct, with exception of slight differences, as follows:

The count of Mariana Smokeless Coal Company was:

96 dimes short
1 nickel "
2 pennies "

The count of Mallory Coal Company was correct, including Exploder checks.

The count of Island Creek Coal Company was correct, with exception of 89 pennies short.

The count of Pond Creek Coal Company was:

1 quarter short
9 nickels over
88 pennies short.

While our count was all by machine, which is supposed to be quite accurate, it is to be admitted that we could have made some slight errors. However, we found the count of each Coal Company to be substantially correct, at least close enough to go ahead with the destruction of this scrip without doing any double checking, and we are, therefore, in position to certify that all scrip received from each of the above Companies was placed in safe-keeping until the time of our count, which was just previous to its destruction and that none of this scrip had any chance to get misplaced, lost or stolen before it was destroyed.

We are sending a copy of this letter to each of the above Companies for their respective files.

Mr. E. J. Stewart, Manager,
Lynn Coal & Coke Company,
McCarr, Kentucky.

Dear Mr. Stewart:-

We are just in receipt of your letter of the 9th., and we esteem it a pleasure to quote you on the assortment of Patented Metal Scrip, as outlined in your letter, and totaling 1350 pieces, and to conform with the West Virginia scrip law.

We would like very much Mr. Stewart, to have the privilege of making up a distinctive coin for you, following the pattern of the rough sketch which we have hastily made up and attach hereto.

You will unquestionably be proud of the type of scrip we are situated to furnish you. The excellent business we are enjoying is predicated upon the basis of not how cheap we can make our scrip but how good- and in this respect we believe we excell.

Your assortment of Patented Metal Scrip stamped pursuant to sketch, we will furnish you for the small cost of \$45.00, subject to our usual terms of 3% for cash in 10 days from date of invoice, or 30 days net. F. O. B. Dayton, O.

If favored with your order, you may rest assured it will receive both immediate attention and personal supervision in its execution.

Awaiting your commands, and thanking you very kindly for the privilege of quoting you, believe us

Yours very truly,

Ingle-Schierloh Company.

Dear Sirs:

I enclose your two letters on The Continental Coal Co. and The Morrest Coal Company, will say that we have not as yet been able to get in touch with Mr. A. D. Snow, alter, the purchasing agent. However we will keep right after him until we are successful in selling him metal money for you as well as cash registers.

For your information will say that the mines in this section have come very little recently on account of labor agitation.

With kindest regards and best wishes and assuring you of our assistance in handling any prospects for you, I remain,

Yours very truly,

Dear Mr. Lippard:-

Mr. Ingle stated that Continental Coal Co. 2 operations and Forrest Coal Co., 1 operation, Fairmont, A. D. Howalter, Per. Agt., should be in the market about now for registers and scrip. Their requirements for Scrip were estimated at 15,000 pieces properly assorted. We quoted them price of \$47.50 per 1000 pieces.

We would appreciate your following up this prospect. Doubtless you have them down calendar for attention.

With best wishes for your success, we are

Very truly yours,

Dear Mr. Cecil:-

Many thanks for your order of the fourteenth for the following
Patented Metal Scrip---

500	Pcs.	5¢	Brass
400	"	10¢	"
200	"	25¢	"

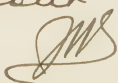

We observe that you want this the same as the scrip you are now using. Are we to understand that this refers to size only, or that you do not want any change in the wording to conform with the new law.

A sample of our regular scrip -- i.e. without the special wording-- which will show you the new patented design. Would prefer if you would please send us a sample of your present scrip - just one piece will do. Be assured prompt and most careful attention will be given the order and we again sincerely thank you.

Very truly Yours,

J. A. Schierloh

Gentlemen:--

Some time ago I sent you a sample of our Elkhorn C & C Co. product and ask that you make us up some change at once and we beg to say, to this date we have heard nothing further from you.

We are entirely out of change and are wondering if you can get this to us at once. Please advise me just when we may expect your shipment.

Yours very truly.

Dear Mr. Cecil:-

In answer to yours of the 24th. While we have had an exceptionally heavy demand for Patented Metal Scrip during the last two months nevertheless your order would already have been shipped had it not been for the fact that we were obliged to make up another piercing die for the "star" design. Your Scrip is all stamped and ready for the piercing and will, according to present schedule, go out Saturday August 29th.

Regretting the delay, which in this instance, we assure you was unavoidable, believe us,

December 1, 1925

Imperial-Southern Company
4th. Floor New York City.,
New York, N.Y.

Dear Sir:-

The writer has been requested by our Asst. Genl. Mgr. to secure some Metal Scrip for the Bailey Wood Coal Co., at Beckley, W. Va.,

Tell Bailey Wood Coal Co., is under the same management as this place, but they have never had a store at this time. The property has been decided to put in a store at this location, so they have given us the authority to get any and all their Metal Scrip.

Your request will show that you recently furnished us with a new lot of Scrip, which was necessary for us to use in complying with the new Scrip law in West Virginia. You will no doubt have a record of the delivery of Scrip you made up for us. The writer feels that this Scrip for the Bailey Wood Coal Co., should be the same only in the marking on same. It would suit this Scrip to read (BAILEY WOOD COAL CO.) BECKLEY, W. VA., Now for an identifying mark, The Scrip you made for us, we had the initials (C.H.M.) put on it, and it has proven very satisfactory. The writer feels that if you were to put the initials (B-W) on this Scrip for Bailey Wood Coal Co. that it would appear better for an identifying mark than we have ever used.

Following is a list of the amount of each denomination that we feel we will need to start off with.

1500 Pieces ONE DOLLARS	} This Scrip is to comply with the new West Virginia law. Each piece to bear an identifying mark thus, B-W
300 " HALF "	
250 " QUARTERS	
1000 " DIMITIES	
500 " DIMES	
1000 Pieces in all.	

I have been left up to the writer to make up this list of Scrip wanted. And I feel this will answer for the time being. We expect that the business at this new store at Bailey Wood Coal Co., will soon develop a nice business and for this reason I am giving them a good assortment in order that it will take care of them for some time.

Page # 2

Permit me to give you this information also. It will be necessary for to make the reading on this scrip read, BAILEY WOOD COAL CO., MacALPIN, W. VA., as the post office for this Company is MacAlpin, W. Va., but when you get ready to ship this Scrip, You must bill it to Bailey Wood Coal Co., at Woodbay, W. Va., as the Express for the Coal Company is at Woodbay.

This word Woodbay, as you will understand, has nothing to do about being mentioned on this Scrip. All the reading we will want on this Scrip will be the Coal Company name and Post Office address which we have mentioned in this letter several times, BAILEY WOOD COAL CO. MacALPIN, W. VA.,

Now if you have any suggestion to offer on this Scrip order, And if there is any necessary matters to write about concerning it. You will please write me addressing same to W. F. Clark, Store Manager, C. H. Mead Coal Co., East Gulf, W. Va.,

It has been left up to me to approve this Scrip, And of course if there was any matters you wanted to learn more about concerning same. Then you get in touch with me and I will take care of this matter as requested untill the Bailey Wood Coal Co., has received this Scrip/

Let me make this request from you now. It is only going to be a matter of a few days untill they are going to have things ready to start business at this new Store. So this being the case, the sooner this Scrip is received by them, the better every thing will be started off. The request I want to make from you, is, Wont you get right behind this order and see if you cant get this made up right away for them. I was asked where I could get the best delivery. I suggested you people, So now show us that you can get the goods out, And let us have this Scrip at the earliest possible date.

I beg to remain,

Yours Very Truly

Dear Mr. Orelup:

Thank you for your letter of August 2nd in
reply to our inquiry on metal scrip.

At this time we are trying out some plastic
coins which we have had on hand for quite some time; so for
the time being we will see how these work out and not order
the metal for awhile.

Thanks again.

Attention: Mr. Jim Szigety

Gentlemen:-

We are just in receipt of your wire requesting that we ship via Parcel Post C. O. D. in care of Mr. Szigety, the following supply of Patented Metal Scrip;

300 Dollars Brass
100 Halves "
100 Quarters "
100 Dimes "
100 Nickels Copper
100 Pennies "

The Name to appear on the face side of scrip, to be
MINERS SUPPLY -- also the denomination.

The reverse side of scrip to be the same as cut shows at the top of this letter head.

Price \$24.00 and charges Parcel Post C.O.D.

Since it is very easy for mistakes to occur in telegrams, we wish you would wire us at once if any correction is to be made.

Also, please confirm this order by mail and advise us the name of the Coal Company (if any) for whom you are operating the store-- or, whose employees your store is serving, so that we may have this record for our files.

Thanking you for the order and assuring you it will have our immediate attention, we are

Very truly yours,

My Dear Mr. Ross:-

We are pleased to acknowledge receipt of your letter of the 16th,
asking for price on the following assortment of Patented Metal
Scrip --

We will make up the above assortment for you for the sum of \$71.25 - Kindly
less 5% if full cash accompanies order; or 2% cash discount if paid *acknowledg*
promptly on arrival of scrip. Otherwise due net and payable at the *receipt of*
end of thirty days. *this at*

Since Guston Kun Supply Co., have Nickeled Scrip with brass 5¢ pieces, *once,*
we believe you should reverse the order and have your Scrip made up
in brass, with nickeled 5¢ pieces.

Better still, for 50¢ per hundred pieces additional, we will pierce
the letter " R " through each piece of your Scrip -- then you will
have absolutely not the slightest trouble in quickly identifying it.

We will make you a nice designed check, one you will be proud of and
while our regular time specified for completing an order is usually
30 days, we can, if your order is sent at once, put through your order
in half that time and maybe less. During the latter part of this month
we have several large runs to put through that will crowd our presses.

We understand that you want the name, ROSCO SUPPLY CO., on the Scrip
and that you want our regular In Trade design stock side as shown at
top of this page. Let us have your immediate reply and count upon
our very best effort.

Very sincerely yours,
